~/profile

Technology leader with 8+ years turning technology into business results. Heads technology for a **six-company group of 1,200 employees**, setting IT strategy, policy, and budget with the CEO and Board. A hands-on engineering background in **ERP (Odoo), web platforms, and infrastructure**, with in-house products shipped from scratch, means decisions are grounded in how systems are actually built.

## 01 Key Results

**3×** REVENUE TARGET — **Revenue target tripled** — built and ran a national-scale customer loyalty program (`gebyar.multi-kabel.com`) in-house, end to end, instead of buying a platform.

**98** USERS MIGRATED — **Zero-downtime ERP migration** — moved 98 licensed users across 4 group companies from Odoo Enterprise to self-hosted Odoo Community, with full business functionality retained.

**6 mo** TO PRODUCTION — **In-house IT Service Management platform** — designed and shipped `ticketing.multi-kabel.com` in 6 months, replacing a commercial ITSM product; now the company's primary support system.

**80%** UNDER VENDOR QUOTE — **Network infrastructure rollout** — delivered a full network rollout with internal manpower at 80% below the vendor's proposal.

**On-prem** SELF-MANAGED — **Cloud to on-premise migration** — moved cloud-hosted workloads to a self-managed stack (Docker, Nginx, Linux) while keeping availability and control.

## 02 Professional Experience

### Management Information Systems Manager

**PT. Multi Kencana Niagatama**

Head of technology for the group, setting direction with the CEO and Board of Directors.

`Multi Kencana Niagatama` `Nusantara Electric` `Pulung Cable Indonesia` `Indoreka Sukses Mandiri` `MKN Global Niagatama` `Terang Kabel`

- **Decide the group's technology direction** — choose what is adopted across all six companies and drive it from selection to full rollout.
- **Shape IT strategy with the CEO and Board** — turn business goals into an IT roadmap, investment priorities, and measurable results.
- **Set group IT policy** — technology standards, budget allocation, and implementation priorities for every company.
- **Lead digital transformation** — ERP, in-house platforms, automation, and AI, standardized across the group.
- **Run the Management Information Systems function** — build and lead the team, manage vendors, and safeguard security and continuity for 1,200 employees.
- **Deliver executive insight** — reporting and data that management relies on for daily and strategic decisions.
