~/profile

Technology leader with 8+ years turning technology into business results. Heads technology for a **six-company group of around 1,200 employees**, setting IT strategy, policy, and spending priorities with the CEO and Board. A hands-on engineering background in **Odoo ERP, web platforms, and infrastructure**, with in-house products shipped from scratch, means decisions are grounded in how systems are actually built.

01 Key Results at PT Multi Kencana Niagatama

- **Built a flagship loyalty program to grow sales.** The company needed a stronger way to drive sales nationwide. Led the internal team that built its own loyalty program, now rolling out as the main revenue driver (gebyar.multi-kabel.com).
- **Stopped paying for expensive ERP licenses.** The group was paying yearly licenses for its ERP. Moved it to a self-hosted Odoo ERP with no disruption to operations, ending those fees while keeping every business function.
- **Helped employees work faster with AI.** Introduced an in-house AI assistant that helps staff find answers and finish daily tasks faster (ai.multi-kabel.com).
- **Spent less on IT than in previous years.** Reviewed IT asset purchases and set clear spending priorities, so the budget goes to what the business actually needs.
- **Built our own IT support system instead of renting one.** A paid IT Service Management System was replaced with one built in-house, now the single channel employees use to get IT help (ticketing.multi-kabel.com).
- **Took back control of company systems.** Systems ran on rented cloud services. Moved them to company-owned servers, cutting rental costs and keeping company data fully under company control.

02 Professional Experience

Jan 2026 – Present · Jakarta Barat

Management Information Systems Manager
PT Multi Kencana Niagatama

Head of technology for the group, setting direction with the CEO and Board of Directors.

PT Multi Kencana Niagatama · PT Nusantara Electric · PT Pulung Cable Indonesia · PT Indoreka Sukses Mandiri · PT MKN Global Niagatama · PT Terang Kabel

- **Decide the group's technology direction** — choose what is adopted across all six companies and drive it from selection to full rollout.
- **Shape IT strategy with the CEO and Board** — turn business goals into an IT roadmap, investment priorities, and measurable results.
- **Set group IT policy** — technology standards, IT spending, and implementation priorities for every company.
- **Lead digital transformation** — ERP, in-house platforms, automation, and AI, standardized across the group.
- **Run the Management Information Systems function** — lead a team of 4 (1 supervisor, 2 IT support, 1 full-stack developer), manage vendors, and safeguard security and continuity for around 1,200 employees.
- **Deliver executive insight** — reporting and data that management relies on for daily and strategic decisions.

Dec 2024 – Nov 2025 · Jakarta Selatan

IT Operation – Odoo ERP Legacy
PT Paragon Technology and Innovation (ParagonCorp)

ParagonCorp — a leading powerhouse in Indonesia's cosmetics and personal care industry.

- Managed daily operations and maintenance of legacy Odoo ERP systems supporting business continuity at national scale.
- Owned monitoring, backup, and incident-response routines to prevent data loss and minimize downtime.
- Acted as escalation point for end-user issues and coordinated patches and infrastructure upgrades with development teams.

Jun 2024 – Nov 2024

Founder
PT Nusa Garda Teknologi

Independent technology company providing Odoo ERP implementation services.

- Founded and ran the company as a single-owner PT (PT Perorangan), handling all client work directly.
- Implemented Odoo ERP for 3 client companies.

Oct 2020 – May 2024 · Jakarta Pusat

Senior Odoo ERP Developer
PT Akselerasi Teknologi Investama

IT consulting firm delivering technology solutions for business growth and digital transformation.

- Led ERP delivery on client projects — stakeholder requirement gathering, technical specification, development, and go-live.
- Led migrations of legacy systems to the latest Odoo ERP version, ensuring data integrity and minimal downtime.
- Mentored developers through code reviews and performance optimization, raising delivery quality across the team.

Mar 2019 – Sep 2020 · Jakarta Barat

Product Developer
PT Trimitrasis Consulting

- Developed Odoo ERP modules and product features to meet client requirements and improve user experience.
- Debranded Odoo ERP into the company's own product system.
- Worked with marketing, design, and engineering teams to define specifications, timelines, and release scope.

Mar 2018 – Feb 2019 · Bandung

Odoo ERP Developer
Vitraining

- Developed and customized Odoo ERP modules with Python and XML to improve client business workflows.
- Maintained Odoo ERP applications — backups, performance monitoring, troubleshooting — and supported legacy version migrations.
